

Orientation to Child Care Training set up

- Go to traininghouse.sdstate.edu
- On the right hand side click non-SDSU user
- Scroll all the way down to “create new account”
- Fill out required information
- Sign in
- Go to search
 - Search “South Dakota ECE Orientation to Child Care”
 - Sign up for it
 - Enter passcode-childcare
- Click dashboard
 - Click the box with South Dakota ECE
 - Click course to begin training

The training videos all save so you can go at your own pace, except the abuse and neglect training at the very end. This is one that has to be printed, emailed or downloaded right away because it does not save. This one has a separate link you have to follow.

When choosing username and password

To be consistent with all staff...

Username: have it be your first and last name with a “.” period between the first and last name all lowercase letters-

Example- kids.point

Password: Do the same thing as your username but have the first letter of your first and last name capitalized and then have a 1 at the end

Example- Kids.Point1

All trainings will save except for Abuse and Neglect: Must finish this one in one sitting and print off or email picture of it
